FIRE DEPARTMENT REQUIREMENTS

STREET ADDRESSES

All dwellings and occupancies within the City of Hermitage require posted and visible street addressing. Please note the following for requirements.

Dwelling & Unit Address Numbers: Apartment unit complexes, mobile home parks, and other residential or commercial complexes shall have posted on each dwelling unit or structure an identification number readily visible from the adjacent roadway. All such numbers and names of identification shall be attached in a contrasting color to the structure and shall meet the approval of the Fire Marshal.

SMOKE DETECTORS

Certain dwellings and occupancies within the City of Hermitage require smoke detection equipment. Please note the following for requirements.

Automatic Alarm Systems: Combination automatic heat/smoke sensors shall be installed with fire department approval in all motels, hotels, dormitories, lodging houses, apartment dwellings, institutions, day care centers and homes for the aged or infirm, which have a common interior corridor for egress from the structure. Installation shall be in accordance with the nationally accepted standards.

For further information, please contact Robert S. Goeltz, Fire Marshal at 724-342-0669.

POLICE DEPARTMENT REQUIREMENTS

BURGLAR ALARMS

The City of Hermitage requires all residents and businesses owning a burglar alarm system to secure a permit from the Hermitage Police Department.

For further information, please contact the administrative office of the Police Department at 724-983-6780.

WATER POLLUTION CONTROL DEPARTMENT REQUIREMENTS

GREASE & OIL INTERCEPTORS

Before the Construction Permit or Use Permit can be issued, you must submit and have approved two (2) sets of shop drawings indicating the anticipated flow, size, and type of all fixtures, equipment and drains that will drain through the required GREASE AND OIL INTERCEPTORS, plus drawings indicating the capacity of all grease and oil interceptors. All fixtures, including floor drains, should drain through the grease and oil interceptor, with the exception of the food-waste-grinder units and bathroom fixtures. This applies to restaurants, kitchen and food facilities, mechanical repair shops, service stations, factories, industrial, and other similar uses. (These are requirements for premises and/or extraordinary wastes as defined by Ordinance # 11-70, amended by Ordinance # 5-74.) Submission of an Industrial Wastewater Questionnaire may be required.

For further information, please contact Al Tate, Sewage Enforcement Officer at 724-347-4941.

HEALTH DEPARTMENT REQUIREMENTS

Planning to install a pool, build an addition to your house, or any other project that involves a major digging effort?

You could share responsibility for the results of an accidental utility line dig-up and put your own safety at risk. That's a costly proposition, especially when personal injury, property damage and service interruption are involved.

Get your project off to a safe start before you dig by calling the Pennsylvania One-Call System. When you call the toll-free "800" number, the service contacts member utilities, requesting the location of their underground lines.

Please call at least three working days before you dig and make prevention your priority.
