# 50-Year Time Capsule Opening

**On December 15, 2016 a time capsule placed in the wall of the then Hickory Township Municipal Building in 1966 to be opened in 50 years was opened.** City officials were joined by Rod McAdams of the Hermitage Historical Society and a special guest, John Leali. Mr. Leali was one of the Hickory Township Commissioners when the building was constructed in 1966. Items contained in the capsule, which were in relatively good condition, included a January 31, 1966 edition of the Sharon Herald, the Hickory Township budget for 1966, an employee roster, photographs, Shenango Valley street map, construction details for the new building and the program from the building dedication ceremony.

# 2017 Budgets Approved

On December 21, 2016 the Hermitage Board of Commissioners approved the City's 2017 budgets which total \$19.9M, including the General and Sewer Funds. There is no increase in taxes and staffing levels will be maintained. It is anticipated that revenues in 2017 will remain stable, enabling the City to maintain existing services and capital programs. City officials place a high priority on maintaining a sound infrastructure system. Several projects will be undertaken in 2017 including:

- **Phase IV of Block 5** of the Neighborhood Investment Program. Cohasset Dr. from Parkview Dr. to Highland Rd. will be milled with road base repairs as needed and repaved. Also, some stormwater facilities will be improved and new street signs installed. Estimated cost - \$390,000.
- **The 2017 Capital Paving Program** will consist of paving Patricia Dr., Theresa Ave. and Victoria Dr. These streets will have existing pavement milled off, necessary base repairs made and new pavement and new street signs installed. Elsewhere in the City several streets will be sealcoated and line painting done, with the exact locations yet to be determined, under the City's AGILITY agreement with PENNDOT. Estimated cost - \$325,000
- **Clarksville Rd.** will have the existing pavement milled off, necessary base repairs completed and new pavement and street signs installed using bond funds and a state grant. Estimated cost - \$954,500.
- **Stormwater projects** will be undertaken in the industrial corridor and along Baker Run between Woodside Dr. and Westerman Blvd. Preliminary engineering work will be done for possible future projects in the Pine Hollow Blvd. area. Estimated cost - \$820,000
- **Traffic signals** at Buhl Farm Dr. and E. State St. and at N. Hermitage Rd. and Indian Run Rd./SV Mall entrance will be upgraded under a state grant.

Other capital expenditures include a new large truck in the Street Department, three new police vehicles and a camera security system in the Police Department and facility upgrades at the Fire Department. Other facility maintenance projects for 2017 include power washing and painting at various buildings, and parking lot and trail sealcoating at the municipal building and athletic complex.

A summary of city budgets can be found at [www.hermitage.net](http://www.hermitage.net).

## From the Street Department

We need your help...The Street Department for the City of Hermitage does our best to keep our roads clear and safe during the winter months. We are asking for a little help from our residents.

We ask you not to push your snow onto or across roads or pile it onto the sidewalks (per city ordinance). We also ask that during any heavy storms you work with us to keep your vehicles off of the roads to make plowing and salting safer.

We hope that with all of us working together we can keep our roads clear and safe.

## Shenango Valley YMCA Upcoming Events & Programs

*The Y has healthy activities for all ages—stop in today for a tour!*

### Fitness:

- **GROUP EXERCISE CLASSES: FOR A STRONGER YOU- FOR A STRONGER US.** The YMCA Group Exercise program has something for everyone! Y classes are FREE for YMCA members! ## Community Driven – Global Impact

– The Entrepreneurship Academy is reinventing the senior year for area high school seniors. The LindenPointe Entrepreneurship Academy Program is currently recruiting for the 2017/2018 class. For more information contact the eCenter@LindenPointe #724.981.1829 or levans@lindenpointe.com

## Alumni Day

We welcomed our alumni home for the first annual celebration day. They have shaped our program, made a difference in our community and have become legends in our classroom. We told stories, enjoyed activities, and interacted with the eCenter@LindenPointe's board members and tenants. We were honored that they came to make more memories with us!

## Fall Gala

The eCenter@LindenPointe put on a Fall Gala in which students showcased the Entrepreneurship Academy. Keynote speaker Bob Evans, Chief Communications Officer of Oracle spoke about "Digitalizing the Human Experience".

## eSpeaker Series

Brian Slawin from Ben Franklin Technology Partners was our most recent eSpeaker; he presented "What are you scared of?" and "Life Transitions".

## Community Connections

Students met Michael Forney, owner of Michael Anthony's on a recent field trip to downtown Sharon. Michael Anthony's is a collaboration of cultural experiences in entertainment, arts, and education.

### Community Service

Students are connecting to our community through on going community service at Buhl Farm Park. Students are bridging the gap between theory and practice by learning how to market products and use social media platforms for businesses.

## From the Fire Chief's Desk . . . . .

**John R. Flynn, Fire Marshal-Chief, City of Hermitage Division of Fire**

Once again, thank you to everyone that has sent in funds for our annual truck fund drive. Without your donations we would not have what we have today. If you haven't sent in your tax deductible donation, it is never too late. 2017 is going to be an exciting year for the Hermitage-Patagonia Fire Department. We have plans for some major projects and upgrades to our facilities and training programs to better ourselves and the community. In 2016 we increased our membership and are very excited to have the new members onboard serving their community. It is a big responsibility. I would also like to encourage anyone who would like to be a part of this growing team to stop in and fill-out an application.

In recent months, I have seen an increase of drivers not yielding to emergency responding

of any intersection and come to a complete stop. You should remain in that position until the emergency vehicle has passed. This also means when the emergency vehicle is traveling in the opposite direction, you should also pull over and stop, as the emergency vehicle may need the additional space to maneuver or make a turn onto an adjacent street. Once you have pulled over, if you don't come to a complete stop and you continue to move it is very dangerous for the emergency vehicle driver. We don't know what you are going to do which might cause us to react incorrectly. If the emergency vehicle needs to make a turn or other directional change, you may be a hazard to them if you don't stop. Drivers who fail to give the right-of-way can be given fines of up to \$250.

Remember, if you encounter an emergency vehicle responding, it's for a reason; fire, medical emergency or a police incident. If it is your family, friend or relative in need, you will want us to get there as quick as possible. Do your part, pull over and stop. "Help us help the people you care about." The Hermitage-Patagonia Fire Department would like to wish you a happy, healthy and safe New Year.

*Fire Marshal-Chief John R. Flynn*

vehicles. Article 3325(a) of the Pennsylvania Vehicle code states it is the duty of the driver to yield the right-of-way to an approaching emergency vehicle using lights and sirens. That means, a driver must immediately drive to a position parallel to, and as close as possible to, the right hand edge or curb of the roadway clear

and budget restraints, and stretched by the City's population and geography.

A police dog's superior sense of smell and hearing are tremendously valuable in tracking missing persons, apprehending criminals and locating hidden, illegal drugs. Police K-9 teams have been successfully used for decades throughout the nation and the world. The time has come to recruit and utilize this proven, four-legged partner to help serve and protect the citizens served by the Hermitage Police Department.

I have chosen Officer Marc Frampton to serve as Hermitage's first canine officer. Officer Frampton and I strongly share in the belief that the canine will be loved and cared for like one of our very own in our police department family.

The program start-up costs are significant with an initial price tag of approximately \$55,000. This includes the cost of the animal, training for both the animal and Officer Frampton, a special transport vehicle, insurance and incidentals. The Hermitage Police Department is soliciting your financial assistance in supporting this valuable and perhaps life-saving addition to the department. You can make a tax deductible contribution through

The Hermitage Police Department constantly seeks opportunities to improve professionalism and the level of service provided to the citizens and businesses we serve. One result of these efforts has been the determination that a police canine program is needed to supplement the department's human resources, which are limited by staffing

# DCNR Grant helps Little League Complex . . . . .

The City partnered with the Hermitage Little League Association in 2016 to rehabilitate the American Field at the Carl Harris Little League Complex on Virginia Road. The project included new field materials, dugouts, fencing, walking trail and drainage improvements. The City received an \$80,000 grant from the

Pennsylvania Department of Conservation & Natural Resources, which was matched by local funds. The field will be ready for play in the spring. Thanks to everyone involved in the planning and construction of this community recreation project that will positively impact the youth in the community!

## From the Treasurer

With the start of the New Year, there are a few reminders I would like to share with you. Our tax bills are mailed twice a year. The County/City portion of your real estate bill goes out on March 1 of each year. This year there will be a slight decrease in the amount due since the County has lowered their millage from 24.4 to 24.15. The school bill along with the per capita bills are mailed on August 1.

**Bernie Harry**

If you have not ever applied for the Homestead exemption, you should do so as soon as possible. You can download the form from the county website or pick one up in our office at your convenience.

You only apply one time unless you change your deed or purchase a new house. Remember you may only collect the discount once. Your name must be on the deed and that parcel must be your residence. For example, if you have a home here and a vacation home or rental property also, you cannot receive the exemption on anything except your main residence.

If you are new to the area, whether you rent or own your home, you must register with the City for per capita tax billing. Per Capita tax is a \$35.00 head tax levied on anyone over the age of 18, living in the City of Hermitage.

As always, if you have any questions, please feel free to call my office at 724-347-4472 and we will be happy to assist you.

*Bernie Harry, Hermitage Treasurer*

## From the Sewer Department

The City of Hermitage is now offering an email copy of your sewer utility bill. If you are interested, send an email to Kathy at [kpatrizi@hermitage.net](mailto:kpatrizi@hermitage.net). Please include name, account# and service address.

Also, we offer direct debit from your checking or savings account. Authorization forms available for download online at [www.hermiteage.net](http://www.hermiteage.net) or at the Hermitage Municipal Building.

The City of Hermitage is committed to protecting and improving stream & river quality in our community and region. Every resident can help to preserve our environment and water resources.

### Native Plant Gardening

Do you have areas in your yard where grass doesn't want to grow? A native plant garden may be the solution! Plant a variety of native plant species – or just a few. Then enjoy your beautiful, low-maintenance garden, knowing that you're saving water, reducing air and stream pollution, and providing habitat for birds, beetles, bees and butterflies.
